Letter to Chas. E. Davis.
MADISON, FLA.

Dear Sir: Here's a tale with a point to it. Florida is the hardest state in the Union for paint.

Gilmore & Davis Co., Tallahassee, Florida, think they know what paint can do in their climate; they've been painting for 35 years. Devco ten years; and they say Devco wears 10 years—their words are: "Buildings we painted Devco 10 years ago are in good condition of paint to day."

They also say lead-and-oil wears only one year there; Devco 10 years!

Ten years is a long lifetime for paint in Florida; longer than 20 in Maine. We don't dare say that either is true as a general fact in those States; but there are such instances.

If we should call the cost of Devco in Florida half of the usual cost of paint, it would be too much; we suppose it's about one-third; there is so much trash there—the costliest paint is the worst; and the worst is the costliest everywhere.

Yours truly,

F. W. DEVOE & CO.
P. S. D. G. Smith sells our paint.
